Laminating Solutions

## Start Laminating a Whole *NEW* Way!

With one button start, documents can now be **auto-fed**, **laminated** and **cut** with ease.

### Compact size and design fits perfectly into any office setting.

With its compact design, the Revo-Office allows you to laminate on demand unattended.

### Film change is easy - just lift out the two roll cassette.

The industry's first film cassette is easy to change. Now anyone can change the film roll easily and quickly.

### Easy to operate digital panel.

Set *start* and *stop* and number of *sheets* easily and quickly on the operation panel.

Increase your lamination productivity with one touch of the start button and do it all with the Revo-Office automatic laminator. With a compact design and simple operation, the Revo-Office runs unattended - perfect for the office or copy shop.

Join the **Revo Revolution** and see for yourself!

# Revo Office

## Automatic Laminator

**Just push one button and that's it.**

The Revo-Office runs automatically and unattended. Simply set the number of sheets and push start.

**Open the top for easy maintenance and cleaning.**

Clean rollers and machine parts easily with access from the top.

**Equipped with internal cutter.**

Set various front and rear margin sizes to be cut automatically.

Max. Laminating Width	11"
Laminating Film Thickness	1.5, 3, 5 mil
Laminating Film Type	gloss, matte
Temperature	variable
Power	110v
External Dimensions	27" x 20" x 14"
Weight	66 lbs.
Warm-up time	5 min.
Laminating Speed	240 sheets/hour

### Pouch Lamination vs. Automatic Lamination

With a pouch laminator, you need to stand by the machine and feed each pouch individually.

With the Revo-Office laminator, stack the paper in the feed, and just push start for automatic lamination.
